International Symposium

Aminophosphonates and Environment

Zentralcampus Cottbus

Register now

Symposium on Phosphonates at BTU Cottbus/Senftenberg

Dear Colleagues,
Register now to our international symposium on aminophosphonates and environment that will run from 01 to 02 October at BTU in Cottbus (Germany). Registration is open for all attendees who are interested in following topics:

- Analyses of phosphonates
- Phosphonates in agriculture
- Photodegradation & photocatalysis
- Biological degradation of phosphonates
- Aquatic phosphonates
- Industrial phosphonates

We aim to share the latest advances and research outcomes on phosphonates and environment be providing a platform for researchers to exchange ideas, thought, and views. The symposium will feature traditional 15-min presentation and 5 min lighting talk sessions. In addition, there will be plenty of opportunities for discussion, networking, and a poster session.

Important deadlines

- Abstract Submission: 31 August 2024
- Early Bird Registration: 30 June 2024 (150 Eur)
- Regular Registration: 15 September 2024 (200 Eur)
- Last minute Registration: until 30 September 2024 (250 Euro)

Lab visit

For those who are interested in there will be a lab visit of our chair on October 2nd after the symposium. The duration will be no longer than 1 h. For more information, please visit our homepage.
