

Cessation of displaying lists of results

Dear students,

in order to improve data privacy no more lists of results will be published by open display or in publicly accessible areas of the internet.

The notice of results at the BTU Cottbus-Senftenberg will therefore in future solely be effected by means of the online portals:

Research-oriented programmes:

www.b-tu.de > Information for students > IT- and Media Services > Across multiple locations > BTU-Account

Applied programmes:

www.b-tu.de > Information for students > IT- and Media Services > Campus Senftenberg/Cottbus-Sachsendorf > Central-Account

You can access your individual examination results with your personal login. Generally, you can also access an overview of the results of a given examination in the online portal ("Info" button next to your result).

Yours sincerely,

Your Team of the Admissions & Registrar's Office
