

International Symposium

Aminophosphonates and Environment

Register now

Symposium on Phosphonates at BTU Cottbus/Senftenberg

Dear Colleagues,

Register now to our international symposium on aminophosphonates and environment that will run from 01 to 02 October at BTU in Cottbus (Germany). Registration is open for all attendees who are interested in following topics:

- Analyses of phosphonates
- Phosphonates in agriculture
- Photodegradation & photocatalysis
- Biological degradation of phosphonates
- Aquatic phosphonates
- Industrial phosphonates

We aim to share the latest advances and research outcomes on phosphonates and environment by providing a platform for researchers to exchange ideas, thoughts, and views. The symposium will feature traditional 15-min presentations and 5 min lightning talk sessions. In addition, there will be plenty of opportunities for discussion, networking, and a poster session.

Important deadlines

- Abstract Submission: 31 July 2024
- Journal Paper Submission: 30 October
- Early Bird Registration: 30 June 2024 (150 Eur)
- Regular Registration: 30 September 2024 (200 Eur)

Publication

Our symposium is supported by Frontiers publisher. Full papers will be published in the Golden OpenAccess Journal Frontiers in Chemical Engineering.
