

Information sheet Financial support

In general, all participants of the ERASMUS + study abroad programme will receive financial support intended for related costs in a foreign country. Condition to this is that the student is enrolled in a degree programme in Germany, which will lead to a recognized qualification and has already completed at least one academic year of said degree programme.

The amount of funding for all host countries amounts to **700 € per month**. The maximum number of months is agreed upon in the inter-institutional agreement with the respective partner university. In addition to the monthly scholarship there will also be a **one time travel lump-sum**. The amount varies depending on the host country.

The disbursement of funding is generally paid out in two instalments: at the beginning of the study abroad and after returning in the presence of all necessary documents.

The ERASMUS+ coordinators at the International Relations Office of the BTU Cottbus – Senftenberg will inform you before and during your semester abroad about all the necessary steps and formalities.
