1. Application Requirements

Full-time students enrolled in the bachelor or master programmes at BTU can apply,

- a.) who are German citizens;
- b.) Assimilated German citizens in accordance with § 8 paragraph 1 subparagraph 2 et seqq., paragraph 2, 2a and 3 BaföG are equal (for this context, the applicable law text can be found on: www.das-neue-bafoeg.de);
- c.) Non-German students and university graduates, if they are enrolled in a degree programme at BTU and aim to achieve the degree at the said German university.

For the category of people described in b.) and c.), stays in their home country are excluded. Home country is also deemed as the country in which the student has been living for at least five years; citizenship plays a subordinate role in this case.

2. Funding Options

BTU awards PROMOS-Scholarships for study-stays, theses, internships and specialised courses.

In principle, study fees are not funded. Furthermore, a stay can only be funded if the concerned Ministry of Foreign Affairs has not issued a travel warning for the country. Up-to-date information can be found at: www.auswaertiges-amt.de. You can also find information on safety precautions abroad under: https://www.daad.de/download/DAAD_Hinweise_Sicherheitsvorsorge_Projekte.pdf

2.1. Study-related Stays Abroad (Semester Abroad)

The most common form of stays abroad during a study takes place in the form of one or two semesters abroad. Within the framework of PROMOS, non-European exchanges are supported at BTU, especially for outgoing students in BTU's own STUDEXA programme. PROMOS scholarships are awarded at BTU for bachelor and master students for a period of two to a maximum of four months as monthly partial scholarship rates.

The writing of theses abroad is also growing in popularity since it leads to an expansion of the possible topics in the respective field of study. Theses can be written at a partner university as well as in an international company.

2.2. Stays for Specialised Short-term Courses (e.g. Summer / Winter Schools)

In order to facilitate stays abroad for students who are unable to complete their studies abroad, for lack of time slots, for personal reasons or those who want to take a longer stay abroad in addition to their studies, BTU also awards PROMOS scholarships for short specialised courses such as summer or winter schools. The funding period is at least 5 days and maximum 4 weeks.

3. Funding Rates

The funding rates for the partial scholarships for the stay or mobility are based on the country-specific partial scholarship rates, which are stipulated by DAAD as lump sums. An overview can be found in the table below:

4. Selection Procedure

To participate in the selection procedure, kindly submit your application documents on time to the International Relations Office. The announcement is subject to DAAD funds granted twice a year.

The current application deadlines and application forms can be found under:

<https://www.btu.de/en/international/going-abroad/students-going-abroad/promos>

We endeavour to respond on time and send all acceptances or resp. rejections within 4 weeks after the application period.

The selection is made by a selection committee and is based on the submitted documents.

The main selection criteria when awarding the PROMOS scholarships are especially academic achievements. This includes, in particular, academic performance, the purpose of the planned stay for the further course of studies and relevant language skills. Additionally, the emphasis is placed on extracurricular criteria, such as the motivation and the BTU ambassador letter, as well as the conclusiveness of the application.

5. DAAD-Group Insurance

PROMOS scholarship holders have the option to insure their stay abroad through the DAAD group insurance (health, accident and private liability insurance):

<https://www.daad.de/versicherung/allgemein/bedingungen/de/14380-daad-versicherung-ziellandausland/>

6. Combination Regulations

6.1. PROMOS and PROMOS

In principle, students can be supported with different measures within one educational stage (which ends with the completion of bachelor's and master's degrees), however, the total funding period within an educational stage should be related to the promotion of study and/or internships and may not exceed six months.

Stays in different countries or subject areas are possible within one educational stage. Within a new educational phase, students can again receive a maximum of six months' support for study and/or internship stays through PROMOS. For example, it is possible to sponsor a three-month study visit + a three-month internship.

6.2. ERASMUS+ and PROMOS

Study visits and internships cannot be funded through PROMOS if funding through "Erasmus +" is possible.

6.3. BAföG – Deliverables and PROMOS

We hereby inform all BaföG-receiving students that the PROMOS grants must be submitted to the responsible office for abroad BaföG. The offsetting of PROMOS funding services with the services of the foreign BAföG is arranged always there.

6.4. DAAD-Individual Scholarships and PROMOS

DAAD individual scholarships and PROMOS scholarships may not be used at the same time.

6.5. Deutschlandstipendium und PROMOS

The Deutschlandstipendium and PROMOS subsidies can be obtained without restriction at the same time.

6.6. Other Sponsorships and PROMOS

Combinations of scholarships from private funds with PROMOS scholarships are possible without restrictions. If public means from Germany fund stays abroad, it is generally essential to determine the intended funding purpose. This means that funding with PROMOS is not possible if the same purpose is already being pursued with public funds from Germany. Therefore, please indicate your PROMOS funding to other possible scholarship providers when applying.

Example: *A scholarship student receives travel costs from other public funds in Germany. This means that funding from the PROMOS Travel Expenses Package will be impossible. Further funding services such as Partial scholarship rates are possible.*

6.7. Paid Work and PROMOS

During the duration of the scholarship, paid work may only be undertaken with the approval of the university. The purpose of the assisted stay abroad should not be jeopardized by the exercising the activity.

The PROMOS program is funded by the DAAD by means of the Federal Ministry of Education and Research (BMBF).
