Information sheet on insurance coverage

It is very important that you ensure adequate insurance coverage yourself, as the Erasmus+ program does not provide any insurance coverage. The EU Commission, the NA DAAD, the LEONARDO Consortium Brandenburg, or your home university are not liable for any underinsurance you may have.

The following insurances are mandatory:

• **Health insurance**

An internationally valid health insurance is mandatory, which covers you during your stay abroad, including medically necessary repatriation and costs for return in case of death. More information can be found at https://ec.europa.eu/social/main.jsp?catId=559

• **Liability insurance -** for damages caused by beneficiaries at the workplace. Private liability insurances only cover liability damages in the private sector, not damages at the workplace.

• **Accident insurance**- for damages incurred by the beneficiary at the workplace.

You have the option of taking out a combined health, accident, and liability insurance with the **DAAD Insurance Office**, which provides the complete insurance coverage necessary for an Erasmus+ scholarship.
