

You should not miss out on this week!

Many important information events and workshops on starting your studies, BAföG, student support, accommodation, timetables and guided tours of important BTU facilities will give you the best possible start to your student life.

In addition to all the best information events, there will also be plenty of fun: Many other first-year students and lots of offers and activities will make your first week at university unforgettable!

We, the **OTIWO e.V.** will make sure of that!

Who are we and what do we want?

We are first and foremost your fellow students, former students and members of a student association independent of the university called OTIWO e.V.

Like you, we once stood at the gates of this university without a plan until OTIWO showed us the way through the jungle. We are available for all your questions in and around the university.

We look forward to seeing you!

Your OTIWO-Team

Where have I ended up here? Such nice and helpful people everywhere. Really great!

Diana

The people I got to know there are super nice!

Felix

I would never have thought that "paddeln" could be so much fun.

Sissy

Thank you OTIWO for this great week. It was simply awesome!

Jaime
